The Hague, 18 december 2009

Dear Ms Hermenau,

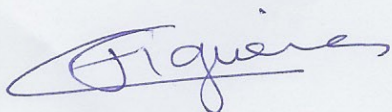

On behalf of IICD I would like to thank you and your company for your generous gift of € 400 to IICD. As a non-profit organisation our work largely depends on funding from third parties such as your company. Your commitment to our work is therefore greatly appreciated.

Each year IICD continues to advance its mission of helping people in developing countries to improve their livelihoods and quality of life. Through the different ICT for development programmes that we support in education, economic development, governance & citizen participation and health we have seen many lives in Africa and Latin America change for the better.

In the coming years we will continue to make a difference and improve the impact and outreach of our work where possible by building further on the successes of our work today. With the help of donations from supporters such as you and your company we are convinced that we can make that happen.

Thank you once again for your generous support.

Yours sincerely,

Caroline Figuères
Managing Director
